

# It's About Life ~~Not Failure~~

HeartLife Foundation is a patient-driven charity whose mission is to transform the quality of life for people living with heart disease by **Engaging, Educating, and Empowering** a global community to create lasting solutions and build healthier lives.

## HeartLife Foundation

HeartLife Foundation is Canada's first – and only – national patient-led Heart Failure organization. We are a Federal Charity aimed at raising public awareness of Heart Disease, engaging patients, families, and caregivers to provide education and support, facilitate access to the latest research, innovations, and treatments, and advocate better care for all.

We aim to collaborate with partners in healthcare, government, and industry to:

- Establish a strong, critical voice for heart disease patients in Canada;
- Raise public awareness of heart disease and advocate for better care;
- Collaborate with stakeholders to ensure patient access to the latest innovative research and therapies; Mentor, support, and guide patients, families, and caregivers in times of need;
- Educate and empower patients to effectively self-manage their illness;
- Build a membership of local, regional, and national heart disease advocates.

## Mission

The HeartLife Foundation is a patient-driven charity whose mission is to transform the quality of life for people living with cardiovascular diseases by engaging, educating, and empowering a global community. We aim to create lasting solutions, drive innovation, and build healthier lives for patients, caregivers, and families worldwide.

# Resources

## Patient & Caregiver Charter of Rights

Our heart failure patient and caregiver charter was created to support our advocacy towards the implementation of a national standard of care for Canadians living with heart failure and their caregivers.

## Facebook Support Group

The HeartLife Foundation is a patient-driven charity whose mission is to transform the quality of life for people living with heart disease by engaging, educating, and empowering a global community to create lasting solutions and build healthier lives.

Join our Help for Hearts closed Facebook group to get support and share ideas.

## HeartLife Toolkit

Keeping track of your health status is important to maintain a healthy heart and can help guide changes to your lifestyle or care plan.

## HeartLife Academy

### Register and Learn!

The HeartLife Academy is a learning platform with an innovative design – by patients & carers for patients & carers in collaboration with care providers and backed by science.

## Patient Journey Map

The patient journey map captures and summarizes real stories, emotions, questions, and lifestyle challenges heart failure patients experience in their care continuum. By truly empathizing with and learning what heart failure patients experience today, we can highlight the current needs, pain points, and wishes on how to improve care. We're taking the first step to ensure the patient's voice is heard.

## National Heart Failure Policy Framework

### A NATIONAL ACTION PLAN FOR CHANGE

Our comprehensive strategy for tackling heart failure revolves around three foundational pillars: Diagnosis & Screening, Management & Care, and Research & Evaluation. Each pillar is designed to address the critical aspects of heart failure management, from early detection and effective treatment to ongoing support and continuous improvement through research.
